FORCEGUARD

BURGLARY-RESISTANT PROTECTION

KEY FEATURES

- Available in four models, from 218-815 litres with double doors on models M-505, M-610 and M-815.
- Single-wall body and door made from 3mm solid steel. Doors have a total thickness of 52mm and open to 180°.
- Secured by three-way boltwork, locking at the top, bottom and side of the door. All bolts are chrome-plated and 20mm in diameter.
- Doors also fitted with relocking device for additional protection against attempted forced entry.
- Key lock (Class A), combination lock (class B) or electronic lock (class B) fitted as standard. All locks approved in accordance with the European EN 1300 standard.
- All models equipped with removable shelves designed to accommodate hanging files.
- Dual anchor points in the base and in the rear allow fixing to floor, wall or both.
- All cabinets have a light-grey, powder-coated finish, suitable for any office space (RAL 7035).

LOCK OPTIONS

ForceGuard can be fitted with a double-bitted key lock, a 3-wheel combination lock or a high-security electronic lock as the primary locking option.

All locks are independently tested and are certified in accordance with the EN 1300 standard. ForceGuard's standard fitted high-security electronic lock – certified Class B – includes the following features, easily programmed by the owner:

- 1 master code and 1 user codes.
- Time delay of up to 99 minutes between lock being operated and door being opened.
- Opening window between 1–19 minutes.
